

# SUPERTOOTH LIGHT

Bluetooth™ HandsFree Kit

#### PRESENTATION – A GENERAL PUBLIC PRODUCT

- As indispensable as the SuperTooth Two:
  - Safe driving
  - Within the law – prevents you from being fined
  - No installation – instant fixing on the sun visor (no screw, nor glue, nor wire)
  - Portable product – easy to move from one vehicle to another. Can be used in the car, at the office or at home
- Simple and refined design, available to the general public
- Competitive price – £ 49.99 inclusive of tax (recommended selling price), £ 200 for an average fix installation

#### THE "PLUS" – A SLIDING, LATERAL MICROPHONE

Press the microphone to release it, and switch on the SuperTooth Light at the same time.

#### OUTSTANDING TALK TIME AND STANDBY TIME – 1 OR 2 CHARGES PER MONTH ONLY

- 15 hours talk time
- 800 hours standby time

#### MAIN SPECIFICATIONS

- Excellent audio quality thanks to the DSP unit (Digital Signal Processing), which cancels echo and background noise
- Full Duplex – both users can talk simultaneously
- Powerful speaker
- User-friendly – 1 key to pick up a call, 1 key to reject a call / hang up, 2 keys to adjust the volume
- Automatic reconnection of the phone with the hands-free kit (if phone supports)

#### GENERALITIES

- Supplied with a cigarette lighter plug
- Bluetooth technology - version 1.2
- Compatible with all Bluetooth phones
- Small and light - 122 x 60 x 18 mm, 115 grams
